

Certificate IV in Training and Assessment TAE40116 - TBCITB Scholarship

Are you looking for a career change that will let you use your years of experience and knowledge to help develop the industry's trainees?

Would you like to improve your ability to mentor and develop your company's apprentices/trainees?

Would you like to become a trade teacher at TasTafe?

The building and construction industry needs to maintain a supply of experienced 'tradies' preparing for a role as trade teachers for TasTAFE and other training organisations.

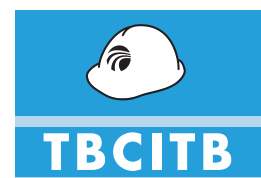

To be a trade teacher you must add the Training and Assessment Certificate IV to your trade skills qualification.

The TBCITB is offering a further 20 scholarships in 2018 that will allow you to do this course with no fees and receive a completion bonus at the end. The next round of training will commence in July.

Like to know more, contact Bernadette Henry at TasTAFE 6165 5814 for information and enrolment or email bernadette.henry@TasTAFE.tas.edu.au

Once enrolled at TasTAFE, you can apply for the TBCITB scholarship. Simply complete the details on the form and return to the TBCITB at email@tbcitb.com.au.

If you need help, please call the TBCITB on telephone 6223 7804.
